

# INDIANA STATE BOARD OF EDUCATION

## MEMORANDUM

**To:** Indiana State Board of Education  
**From:** SBOE Staff  
**Date:** July 29, 2015  
**RE:** Career Pathways Pilot Program

---

### OVERVIEW:

This past session the General Assembly passed HEA1009, which tasks the SBOE with the developing the career pathways pilot program. The program applies to innovative network schools – schools that have submitted a plan approved by the SBOE allowing for greater flexibility, innovation, and efficiency.

The general goal is to develop a program to attract the nation's best teachers by creating unique career pathways so that educators have opportunities to advance into positions where they can best serve their schools and students. The law requires that the pilot program be developed before August 31, 2015.

TNTP has been retained, and is working to develop an approach for designing and executing the pilot program. There will be a presentation at the September 16 SBOE meeting with details.
